

## Steering Committee Questionnaire

This is a quick questionnaire to help the study team better understand the steering committee issues and concerns:

List your top 3 goals for the study:

List your top 3 problem areas within the study limits:

In your opinion, what type of solutions should we consider for the corridor?

Please list any major stakeholders that are key. Please include name and contact person if available.

What type of in-kind services does your organization plan to provide towards this study?

Do you currently have a mailing list or know of an organization who has a mailing list we could use as part of this study to increase participation in Public Meetings?

Where will be the best location to hold a public meeting for this study?

What type of data does your organization have that can be helpful to the study team?

Please describe your agency involvement in reviewing proposed development along the corridor and granting access along the corridor:

Do you have any guidelines/ordinances for access management? If so, please explain...

Please email or fax information by June 13, 2007 to:
